## SITUATION SERIOUS.

Negroes Armed and Ready for Battle Near Darien, Ga.

## WILL BE ATTACKED.

State Troops and Officers Will Go to the Scene to Make Arrests and Disperse the Gathering—A Conflict Is Expected.

Atlanta, Aug. 26.—A special from Darien, Ga., says the situation there this morning was unchanged. As there had been no further trouble and the only bloodshed so far was in the Delegal affair, resulting in the killing of Deputy Townsend and the wounding of Deputy Hopkins on Thursday last.

The town is practically deserted, the whites being concentrated in the vicinity of Delagal swamp, where the negroes are massed and are supposedly armed.

A courier reached here at 11 o'clock this morning with the information that 50 negroes had taken possession of the negro Delagal's house, 18 miles from this place and six miles from the swamp where the negroes are supposed to be massed. A squad of militia have been sent to disperse them.

Governor Candler received advice from Colonel Lawton, in command of the troops at Darien, stating that the negroes had congregated in the western portion of McIntosh county fully armed and determined. Lawton states that Sheriff Blount with a posse of 100 men went to the stronghold of the negroes with the intention of attacking and forcing them to surrender, but after reconnoitering, returned to Darien, believing it best to obtain more men.

Lawton says he has called on the Liberty independent troop of cavalry and expected it to arrive in a few hours, when another expedition will be made and a battle is expected.

Governor Candler says the situation is most grave and a crisis has probably been reached.

A special to The Journal from Savannah, says Colonel Lawton has issued orders ordering entire First regiment of infantry to Darien.

### Gold Found in Missouri.

Golden City, Mo., Aug. 26.—After several weeks of quiet prospecting, a company composed of local business men and a practical mineralogist of Kansas City, has opened up a vein of gold-bearing ore that assays \$15 per ton. The strike was made four miles northeast of here, near the site of the old Spanish gold mines, famed in the legendary history of southwest Missouri. Gold was found in this locality several months ago, but not in paying quantities. The present find is believed to be a true fissure vein. Many mining leases have been made since the finding of this lead.

### The Wilmington Disabled.

Montevideo, Aug. 26.—The United States gunboat Wilmington has arrived at this port with her screw broken. She was bound for Rio de Janeiro, Brazil, when a violent tempest surprised her off Cape Polonio. The storm lasted five days, and the accident to her machinery happened during very heavy weather. The Wilmington will have to remain here until the arrival of a new crew from the United States, the special pattern of screw used on the gunboat not being obtainable on the river Platte.

### Child-Wife Held for Murder.

Peru, Ind., Aug. 26.—Mrs. Edith Quick, aged 17, was placed in jail charged with murdering her husband, William Quick, with arsenic, on Aug. 12. She maintains her innocence, and there is only circumstantial evidence against her. Henry Quick, brother of the dead man, is in jail on the same charge, and he has given a statement to Coroner Yarling which adds much to the weight of suspicion against the woman. One witness testified that Mrs. Quick said she would be a widow before she was 18.

### Cotton Crop Short.

Cheneyville, La., Aug. 26.—The cotton crop in this section will fall at least 25 per cent shorter, but owing to the recent dry weather the grade is good.

### Will Fall Off Half.

Shreveport, La., Aug. 26.—The estimated cotton crop of this section will be cut short from 40 to 50 per cent less than the average yield, due principally to the long continued dry and extremely hot weather.

### The Plague Increasing.

Shanghai, Aug. 26.—It is stated that the plague at New Chwang is slightly increasing. There have been 74 deaths in four days. The authorities at Shanghai are taking special precautions and are examining all ships and junks arriving from the north. Hitherto junks have not been inspected.

### Arrest of Suspects.

Lourenzo, Marquesa, Delagoa Bay, Aug. 26.—Several persons, suspected of being emissaries of the Transvaal government, have been arrested here. Ex-

citement prevails and in view of the contemplated Transvaal raid Portuguese troops are kept in readiness for the emergency.

### Witness Held as an Accessory.

La Salle, Ill., Aug. 26.—Abe Newton, a witness at the coroner's inquest on the murder of Policeman McGuire, was arrested as an accessory to the killing. His testimony showed that he permitted John Robinson, the policeman's assailant to escape. Robinson is also under arrest.

### BATTLESHIP KEARSARGE.

Trial Trip of That Powerful Warship Soon to Take Place.

Newport News, Aug. 26.—The trial trip of the battleship Kearsarge will take place between Sept. 5 and 15. The ship is now sufficiently advanced to warrant the statement that she will be away from the shipyard on her first trial trip the early part of next month. Reports have been sent out from Washington to the effect that owing to the delay caused by a shortage of men during the yellow fever scare the Kearsarge could not go out until the latter part of October and the Kentucky not until December, but these had no foundation.

The trial of the Kearsarge is being looked forward to with a great deal of interest as she will be the first warship ever built embodying the superposed turret idea, that is, with the 6-inch turrets over the 12-inch turrets, enabling

THE KEARSARGE.

this ship as well as the Kentucky to concentrate on one point a far heavier fire in less time than any other ship afloat.

Captain W. M. Folger, who will command the Kearsarge, has been here for some time, superintending the work on the vessel and he will go out on her when the trial trip betwixt the shipyards and the Atlantic ocean takes place. Captain Folger is one of the high authorities in the navy on ordnance and his opinion of the success of the superposed turret idea, after the trial trip, will be worth something.

The Kearsarge has just received a coat of white paint, which she will wear on her trial trip. The speed of the Kearsarge will also be watched with interest by naval men. The contract speed is 16 knots, but the Newport News Ship Building and Dry Dock company has thus far managed to exceed contract speed in all of its merchant and government contracts, and it is believed the Kearsarge and the Kentucky will not be exceptions.

The three little gunboats, the Nashville, the Helena and the Wilmington, the best and speediest boats of their class in the world, all far exceeded the contract speed. If the Kearsarge makes in the neighborhood of 17 knots an hour on her official trial, many naval men will not be surprised.

### WRONG MEN ATTACKED.

Wild Bill Mathey Shot While Abusing Two Men.

Neosho, Mo., Aug. 26.—Bill Mathey, well known throughout the towns in southwest Missouri and the eastern part of the Indian Territory, was killed at Noel, Mo. While some people were bathing in Cowskin river at Noel, Mathey sought to force two men who were strangers in the country to wade in the river with their clothes on. And at the same time give him a dance. In carrying out his wishes Mathey severely pounded one of the men over the head with his revolver, as was his custom. While this was going on the other man, seeing his comrade was being severely beaten by Mathey, fired twice with his revolver, one ball striking Mathey in the neck and the other in the shoulder, from the effects of which Mathey died within a few minutes.

Bill Mathey was a man about 45 years old. In later years he was generally known as Wild Bill Mathey. He always conducted himself as a desperado. Mathey had killed a number of men, and kept the record of his victims by notches on his 6-shooter. The man who killed Mathey, and also the one whom Mathey assaulted, are held for preliminary examination here.

### New Silver Certificate.

Washington, Aug. 26.—Two designs for a new \$5 silver certificate have been submitted to the secretary of the treasury by the bureau of printing and engraving. One has upon its face a vignette of Washington and the other of Jefferson. It is likely the former will be selected owing to the superiority of the workmanship upon it.

### Sugar War in Chicago.

### Serious Rioting.

New York, Aug. 26.—A dispatch from Paris to the Evening Journal says that there was serious rioting between the anti-Dreyfusites and friends of Dreyfus in the Rue Lafayette, St. Denis, in which 12 persons were badly hurt. The police charged upon the rioters and made many arrests.

### Postoffice Discontinued.

Washington, Aug. 26.—The postmaster general has ordered the discontinuance of the postoffice at Peck, Fla., because of the recent whitecapping of the postmaster there.

#### A Home Made Dynamo.

Mr. Louis Fuller, superintendent of the Bryan Water and Electric Light plant, has demonstrated that he is independent of northern manufacturers when it comes to the installment of a new dynamo or other apparatus that in the average southern village is considered to be such wonderful and fearfully made machines.

The Eagle reporter looked at the working of a new dynamo which Mr. Fuller made out of crude materials. The iron was taken in the state of pig iron, and moulded into shape or placed into cylinders, and all the work was done necessary to convert the inert substances of copper and iron into a living, powerful motor, which when seen was supplying the current for thirty-five 16-candle power lamps, and which has a capacity for 180 of them. This machine will be used to install fans for a circuit to be organized in Bryan next summer. It is the eighth machine made by young Mr. Fuller since he became an electric engineer.

#### TRIAL OF DREYFUS.

Labori Causes One False Witness to Feel  
His Shame.

Rennes, Aug. 26.—When the sixth session of the third week of the second trial by courtmartial of Captain Alfred Dreyfus on the charge of treason began early this morning, M. Alphonse Bertillon resumed his testimony interrupted Friday by the adjournment of court. In this case M. Bertillon testified as to the handwriting and gave as his reason for believing Dreyfus to be the author of the famous bordereau upon which the prosecution mainly depends to establish the charge against the prisoner. The comic aspect of M. Bertillon's performance again appealed to the risibilities of the audience, though the judges paid close attention to the demonstrations, which concluded at 8:30 a. m., the witness saying in a declamatory tone: "I am convinced the writer of the bordereau is the prisoner sitting there."

Dreyfus heard him without flinching and with an expression of disdain, which showed in still more noticeable manner just before the specialist's testimony, when Demange handed him the paper which M. Bertillon submitted to the judges as convincing proof of the guilt of the accused.

The prisoner perused it for a few minutes and then handed it back with a shrug of the shoulders and without uttering a word. There was a highly dramatic scene toward the end of the session. Maitre Labori, the leading counsel for the defense, asked to have Major Freysteater, one of the members of the courtmartial in 1894, which convicted Dreyfus, called in in contradiction of the deposition of Colonel Maurel, the presiding judge upon that occasion, who testified that he only read one of the documents of the secret dossier communicated to the courtmartial.

The major ascended the platform with a firm step and fearless air. He recounted what occurred and said the conviction of guilt of the prisoner was formed by the evidence of experts on handwriting on the depositions of Col. du Paty de Clam and said: "I must add that some slight influence was exercised over my mind by the hearing of the secret dossier read." The witness was then questioned whether one or more of the documents were read, and said they were all read. This was in direct contradiction of Colonel Maurel's testimony and M. Labori at once demanded the confrontation of Major Freysteater with Colonel Maurel. The latter mounted the stage and presented a miserable object, his shifty eyes bearing out beneath his heavy eyebrows and looking around with a vicious hangdog look.

"How do you explain this?" asked M. Labori.

The colonel at bay replied savagely: "I said I only read one document. I did not say only one document was read."

This statement called forth an outburst of hisses and indignant "ohs," from the audience, which looked upon it as an infamous confession. The witness, trembling with shame, but evidently determined to fight it out to the last, threw a fierce look of hatred at M. Labori and the audience as gendarmes shouted "silence, silence."

After this, the audience listened spellbound to Major Freysteater, who, in a distinct voice told exactly what the documents of the dossier were and how Colonel Maurel not only read those documents, but made comment on them. This was practically calling Maurel a liar, and the colonel glared at the major fiercely. Major Freysteater, however, was not dismayed and his words, spoken in a tone of candor and fearlessness, must have carried conviction to every hearer.

General Mercier then asked to be heard, and placed himself by the side of Maurel.

Transmitted the Dossier.

Paris, Aug. 26.—The minister of war, General Marquis de Gallifet, has transmitted the dossier of the Travernier inquiry into the conduct of Colonel du Paty de Clam to the courtmartial at Rennes, as requested by Maitre Labori, leading counsel for the defense on Wednesday last.

Boy Mail Thief Arrested.

Charleston, Mo., Aug. 26.—Oscar McKinney, 14 years old, was arrested here at the instigation of Postmaster Rowe, on a charge of stealing mail from the lock boxes of the postoffice. Several letters and packages had been missed, and it was believed that the mail was stolen from the boxes. While the mail was being distributed young McKinney was seen to take mail from different boxes. He was watched, and after it was ascertained that he had unlawfully taken the mail, he was arrested and two packages of jewelry for W. L. Sidwell were found on him.

Woman Poisons Her Husband.

Union City, Tenn., Aug. 26.—Miriam Carter, a prominent farmer, is dead, poisoned by his wife, who placed "Rough on Rats" in his food. The murderess was found hidden in the hay loft of the stable. She is now under arrest. She objected to her husband bringing his sister to her home on a visit. The quarrel that resulted from this objection is supposed to have prompted her crime.

Train Robber Stephens Dying.

Trinidad, Tex., Aug. 26.—George Stephens, the Folsom train robber, who was so badly wounded by Conductor Harrington on the night of the attempted holdup, is dying from the effects of his injuries. Stephens was shot through the left arm by nine buckshot. He says that in case he must die he proposes to tell all about the train robbers, which will lead to their arrest and conviction.

According to the Richmond Planet, there have been 371 persons lynched in the United States since January 1, 1898. The Planet gives names, places and dates.—Galveston News.

The Galveston Tribune quotes the great railroad magnate, C. P. Huntington, as follows: "If money can do it, I am going to make Galveston the finest shipping port in the United States."

Mr. Charles Goodnight says that cattle on the ranges are scarcer than ever before, owing partly to winter killing, consequently cattle are high to the buyer and the seller. He also records his conviction that the beef supply of the future must come from the farms. There never was a time when it was not profitable to grow and fatten beeves on the farm, growing both the animals and the feed.

Mr. L. T. Fuller returned Monday morning from a protracted visit to New York, where he has been in the interest of the Fuller round bale cotton press. He informed a Chronicle reporter that an eight million dollar stock company had been formed to manufacture the new round bale press, and that the factory would doubtless be located at Memphis, Tenn. He also states, we are sorry say, that the enterprise will require his personal attention, and necessitate his removal from this city. Calvert can ill afford to lose Louis Fuller; he has done more for her upbuilding than any other man in the town, and we will miss his influence in the city's progress.—Calvert Chronicle.

The LaGrange Journal has this to say: "The governor, ex-Senator Colquitt, Revenue Agent Jamieson and Comptroller Einley are promulgating a new tax system which will hit pistol toting so solidly that it will go a long way towards abolishing the nuisance. An annual license of \$500 is to be imposed upon every dealer in that article, and individuals who carry one will be required to pay a yearly tax of \$25. Additionally, they must advertise the fact in a county paper continually that the public may know them to be loaded for bear."

The republican party is impotent to destroy the trusts because the trusts are largely responsible for the success of the republican party in the last campaign. While that party is not framing its politics along religious lines, it will not disobey the injunction. "Remember thy Creator."—Wm. J. Bryan.

Havemeyer contends that the American high tariff is directly responsible for the rapid increase in the formation of trusts in this country, and there are many people in this country who believe his head is level on that subject.

Mr. W. S. Howell of Bryan, has been attending the Baptist State Sunday School and Colportage convention at Houston the past few days, at which 400 delegates were present, and was again chosen recording secretary of the convention. Regarding his services in this capacity the Houston Post says: "This makes the seventh or eighth year that Mr. Howell has served as secretary and no more courteous or accommodating gentleman could be elected to that place. If his retention in office were left to the newspaper reporters, with whom his duties bring him in contact, he would be kept there for life." To this the Galveston News adds: "Mr. W. S. Howell, the secretary, has stood by his pencil through eight annual conventions. The convention is beginning to look upon him as its own piece of livestock, and they have the right man in the right place."

A Bryan gentleman told the reporter yesterday that he had been invited to co-operate in establishing a cotton mill at Navasota, where it appears there is also considerable interest in the matter. The gentleman said that of course any capital he had to invest in this line would be put into a home enterprise. While not very much has been said on the street here regarding the building of a cotton mill in Bryan, several parties have been giving the subject a great deal of thought and we think the fact that there has been no effervescing a favorable sign.

At the last meeting the commissioners court approved the applications of those named below for confederate pensions under the new law: D. C. Griffin, T. D. Sanders, Wm. B. Royal, J. G. Seesum, M. C. Alberson, Wm. V. Williams, J. D. Conway, J. B. Welch, J. D. Touchstone, W. B. Lloyd, W. S. Barnes, W. J. Clarke, Mrs. Ellen Thompson, Mrs. N. C. Jones, J. R. Payton, Robert Martin, A. G. Dunnica, A. J. Stewart, J. H. Ford, Mrs. Freestone. Mrs. Lou Battie, E. A. McCorquodale, Wm. H. Bowman.

Falls county works the county convicts on the roads and bridges, and the Marlin Ball says: "Road Superintendent Pool is doing some good work all over the county in the way of bridge building and road grading. All the roads leading into and out of Marlin are in very good condition."

The Woodmen of the World camp of Bryan, will unveil the monument over the grave of deceased sovereign W. A. Johnson, at Alexandria chapel, on Sunday, Sept. 3d, at 4 p. m. The public are invited to attend and witness the interesting ceremony.

W. C. Gilmore left last night for St. Louis, Baltimore and New York to buy fall and winter goods. He has gone after bargains, and says he will get the best that money can buy, including the handomest line of millinery ever shown here.

Tom South is back from Denver and other western points. He went as far as San Francisco, but finds a fascination about Houston that with him was irresistible. He has come back to remain.—Houston Post.

A young man named Charlie Bloodworth, who was here Friday, was thrown by a horse while on the way home, between here and College Friday night, and had one leg broken between the knee and ankle.

A fisherman on the Brazos near Pitt bridge, found the skull of a negro in a sandbar Friday and dug it out and brought it to town yesterday, leaving it at the office of Hall & Oliver.

D. Mike, Jr., has plenty of fine alfalfa and Forney hay, and all other kinds of feed stuff cheap for cash. Also best flour, every sack guaranteed, for \$1.00 cash. 239.

### Mayor Adams Heard From.

A distinguished party arrived in the city from Austin last night composed of State Purchasing Agent Cliff A. Adams, State Revenue Agent Joe Lee Jameson, Senator G. D. Neal and Mr. Clarence Dodge, secretary and book-keeper to Mr. Adams.

The purpose of the party's visit is mainly the inspection of other business connected with the Southwestern Insane asylum, with the exception of Senator Neal, who will leave for Corpus Christi in company with Senator Perry J. Lewis, where they will put in a few days fishing.

Mr. Adams was recently appointed purchasing agent for the various asylums in Texas by Governor Sayers, and will visit the asylum today in company with the board of managers of that institution. A number of contracts for supplies for the institutions will be let today which will be the last time, as the new law in regard to purchasing asylum supplies recently passed by the legislature, goes into effect on the 26th inst. Mr. Adams has already visited a number of insane asylums and all were found to be in excellent condition though somewhat crowded. Mr. Adams, home is in Bryan, where he is serving the citizens of that city as mayor.—San Antonio Express, Aug. 24.

### About Bridges.

Commissioners Deens and Arrington visited the new bridge across Thompson's creek, near the Roberts place yesterday and report that it is satisfactorily completed. They also stated to the reporter that the bridge across Thompson creek on the Sandy Point road will be finished by Tuesday (Aug. 29) at noon; that the trussle work on the Democrat crossing road has been fixed; that the Wickson creek bridge matter will be attended to during the coming week; that prospects are good for a speedy and satisfactory arrangement with Madison county for replacing Bundick bridge, and that the long bridge or trussle across the Navasota river will be attended to as soon as possible, there being a crossing there already.

## AS GOOD AS HE SENT

Some Warm Correspondence Over the Imperialist Question.

## IT IS TIT FOR TAT.

Congressman Shattuck Replies Pointedly to Edward Atkinson's Note, Which Was an Answer to One Shattuck Sent.

Cincinnati, Aug. 26.—Congressman W. B. Shattuck recently received a copy of The Anti-Imperialist, which he returned to Edward Atkinson at Boston with the inscription:

"Respectfully returned. Take me off your list. I am no traitor to my country."

In a letter dated Aug. 15, Mr. Atkinson replied:

"I am very glad to have the information that you are not a traitor. Had you been, I should have taken your name off the list of members of congress, to all of whom my pamphlets in support of Senator Hoar and others are sent. I may add that since we may assume that you do not support the opponents of criminal aggression, our effort to take your name off the list of the members of congress at the next election will be fully justified."

Congressman Shattuck's rejoinder contains the following:

"I beg to tell you that I would not, even for the nomination to congress, support those guilty of criminal aggression against this government (as you are guilty of.) Your intimation that you may be able to have my name taken off the list of the members of the next congress because I decline to receive your treasonable documents, is another evidence of your monumental gall and egotism. You would succeed in your effort about as you did in getting your criminal literature in the hands of Aguinaldo and his followers. You knew what you were doing when you tried to get this trash in the rebels' hands. Your purpose was to give the rebels encouragement, to embarrass the government of the United States and to induce the rebels to hold out until, perhaps, you could try your luck in having the names of the loyal congressmen taken off the list at the next election."

"Not a precinct in the first Ohio congressional district would elect you or one of your kind as a delegate to a convention to nominate a director for the county poorhouse."

### New Charter and Court.

Dallas, Aug. 26.—The new charter superseding the old one today and the new corporation court bill also became law. The reorganization of the city court will take place at the next regular meeting of the city council, Sept. 12. A judge and city clerk will be elected at the incoming meeting and early in October a prosecutor, or assistant city attorney, will be elected. Judge Smith will continue to do business until the reorganization has been accomplished.

### Has Enough Cavalry.

Washington, Aug. 26.—It is not likely that any more cavalry regiments will be organized, save the one which General Otis formed in the Philippines. General Otis has cabled that cavalry cannot be used to the best advantage in the islands and in his judgment the two regiments of cavalry and the volunteer regiment will be sufficient to meet all needs of the campaign.

### Also a Murderer.

Jerome, Ariz., Aug. 26.—The train robber who was recently captured at Trinidad, Colo., and who has since been identified as Sam Ketum, or "Black Jack" is said by the officers of this county to be the man who on July 2, murdered R. M. Rodgers and Clinton Wingfield, storekeepers at Camp Verde. A requisition was made for his return to Arizona.

### Burned to Death.

Overton, Tex., Aug. 26.—Paralee Simons, a young negro woman, was filling up a lighted lamp, when the oil caught fire, bursting the oil can and burned her to a crisp. She died a few hours later in fearful agony. Friends hearing her screams for assistance arrived in time to save the house, which had caught from the oil.

### Killed by Lightning.

Owensboro, Ky., Aug. 26.—Three people were killed by lightning during a thunderstorm in this locality. Joseph McDaniel, a prominent McLean county farmer, and his son, were instantly killed while at work in a tobacco field. James Shively, colored, was killed while endeavoring to find shelter from the storm.

### Many Vessels Missing.

Norfolk, Va., Aug. 16.—The story of maritime disaster from the late hurricane grows daily. A consultation of the northbound arrivals through the Albemarle and Chesapeake canal chart reveals many sloops, barges, lighters and small schooners missing.

### Gone to Trial.

Goldthwaite, Tex., Aug. 26.—John Gooding, who has been in jail here for 10 weeks, was taken to Hamilton for trial. He has been indicted in Hamilton county for the murder of Gif Gipson, whose body was found in a tank a few miles north of here about June 1.

### Lieutenant Lowe Now Adjutant.

San Antonio, Aug. 26.—First Lieutenant Lowe has been permanently assigned as adjutant of the first battalion, Thirty-third volunteer infantry, in camp here.

## COTTON MILL COMBINE.

Fourteen Mills Join to Control the Output of Cotton Ducking.

Baltimore, Aug. 26.—The cotton consolidation which is one of the most important industrial combinations of the south, has been completed, and the 14 mills acquired are now in the hands of the Continental Trust company of this city, the syndicate manager, awaiting their transfer to the Mount Vernon Woodbury Cotton Duck company, which has been incorporated under the laws of Delaware, the permanent organization of which will be completed within the next few days when the properties will be taken over by that company. The total capitalization of the new company is \$23,500,000.

Payment for the properties began Tuesday at the Continental Trust company, settlement for the last two mills having been arranged by the Continental Trust company to take place today in New York at Messrs. Vermil & Co.'s banking house.

The mills consolidated manufacture over 90 per cent of all the cotton duck manufactured in the United States.

## ARRESTING NEGROES.

Little Rock Authorities Making Stringent Efforts to Stop Assaults.

Little Rock, Aug. 26.—The crusade against idle negroes which began shortly after the atrocious assaults committed on white women in this city last week, is being pushed vigorously. Of the 50 negroes jailed as suspects, a large number have been sentenced to jail for 60 days on bread and water, on the vagrancy charge. The bread and water sentences are given under authority of an old law that had not been invoked in many years. Large numbers of negroes have fled from Little Rock to escape arrest. Three who have been identified as those who assaulted white women have been removed to another county to avoid possible lynching. Officers are still searching for the other two culprits and are arresting every idle negro they find on a charge of vagrancy.

### Admiral Watson Ill.

Washington, Aug. 26.—The Army and Navy Register says:

Recent letters from Manila mention the illness of Admiral Watson as the source of great anxiety to his officers.

Serious heart trouble has developed and in consequence he was regarded as extremely ill up to the date of the letters of the 17th. No one but his physician is allowed access to him and all business of the fleet is forbidden. It is hoped, however, that the enforced quiet may restore him to his previous health. The illness is the effect of an accident which occurred to his launch while he was on board on July 11.

### Anarchy in the Philippines.

London, Aug. 26.—From Labuan, a correspondent of Reuter Telegram company, telegraphs that reliable news has been received there direct from Manila which says an indescribable state of anarchy prevails. The Americans, according to these advices, occupy a radius of 15 miles at Manila, around the town of Iloilo they occupy a radius of nine miles and around Cebu they occupy a small radius. The rest of the country, it is added, is in the hands of the Filipinos.

The correspondent also says it is reported the Filipinos murdered the crew of the steamer Saturnus, which, coasting under the American flag, was beached under the insurgent trenches at San Fernando and burned on Aug. 2.

### Charged With Murder.

Dickens, Tex., Aug. 26.—Quite a little excitement was created here when the news spread over town to the effect that Sheriff J. D. Harkey had captured and placed in jail a man by the name of Wood Dew, charged with being implicated in the murder of old man Christian, near Taloga, O. T., last May.

### Water Scarc.

Waxahachie, Tex., Aug. 26.—Stock will suffer for water if it does not rain soon. The small streams have all dried up, necessitating the work of hauling water in some places. Those who have good cisterns are apprehensive lest the water shall be cut short.

### Devastated by Storms.

Lima, Peru, Aug. 26.—According to reliable reports received here from Chile property valued at more than \$1,500,000 has been destroyed during the severe storms that have swept the country during the last fortnight.

### Will Speak for Goebel.

Louisville, Aug. 26.—The Democratic campaign committee announces that Congressman R. C. Degraffenreid of Texas, had accepted an invitation to speak in this state in the interest of William Goebel.

### Drought Broken in Arkansas.

Little Rock, Aug. 26.—The hot wave and drought was broken Friday night by a heavy downpour of rain, which continued for nearly one hour and was the salvation of the parching cotton crop.

### Escaped the Guard.

Temple, Tex., Aug. 26.—Six negroes that were held under guard by the Missouri, Kansas and Texas railroad at Echo have escaped. They were of a gang that had been exposed to smallpox.

### Badly Hurt.

Gainesville, Tex., Aug. 26.—W. S. Gilley was thrown from his buggy here and considerably bruised about the hips. He is painfully, but not seriously hurt.

### Fire Insurance Company Fails.

Des Moines, Aug. 26.—A receiver has been appointed for the Mutual Fire Insurance company of this city. The company has \$1,543,000 in risks.

## INFLUENCE OF RUSSIA.

It Is Cutting a Big Figure in the Alaskan Dispute.

Copyrighted, 1892, by the Associated Press.  
London, Aug. 26.—Upon authority of undoubted reliability a reporter of the Associated Press has ascertained that in the Alaskan dispute there has crept craftiness of Russian diplomacy. Russia it can be stated, will do everything, with every possible energy, to prevent a possible cohesion of the two great English speaking nations. In all her embassies instructions have been received to thwart an Anglo-American understanding. A prominent diplomat who is intimately acquainted with the details of the negotiations of the past few years said to the reporter of the Associated Press:

"In any arrangement looking to a working agreement between England and the United States, Russia seems to defeat the dearest projects. I believe the intense activity in China to no small extent is due her fear that Anglo-Saxon power, once centralized, would sweep everything before it in the far east. Dreading the rapid realization of this nightmare, she is making hay while the sun shines, in the meantime intriguing to the utmost to tie the hands of those who are working to materialize this Anglo-American sentiment. The latest evidence of this is the Alaska affair. The matter would have been settled long ago if left solely to Great Britain and the United States. Russia managed to suggest some motives never dreamed of by America, by distorting facts. It is impossible for me to divulge exactly, or to what extent Russia got her paws into the dispute. But the attitude of her press and officials are quite sufficient to show her motives."

## NEW KIND OF SCHOOL.

One for Nervous and Backward Children Established at Chicago.

Chicago, Aug. 26.—A new training school for nervous and backward children, the first of its kind in the world, will soon be established in Chicago. It will be called the Chicago Physiological school, and its purpose will be to prove a home and school for boys and girls who are unable to cope with normal children owing to the illness or infirmity. The school will open its doors Nov. 1. Miss Mary R. Campbell of Milwaukee will have charge of the school and is now in Chicago. Miss Campbell was formerly in charge of the girls' department of the Wisconsin (Chippewa Falls) institution for feeble-minded children. She is the author of a number of treatises on psychology. The institution will be affiliated with the University of Chicago.

The number of pupils admitted to the school will be limited. Only children under 15 years of age will be taken, preference being given to the very strong. Besides instruction, medical treatment will be provided. Dr. Senn will be invited to become a trustee. The school will have the backing of a number of philanthropists, but it is expected it will be self supporting.

## WILL ENJOIN THE ROADS.

The Pee Gee Does Not Propose to Let the Boycot Be Enforced.

Kansas City, Aug. 26.—An attorney for the Kansas City, Pittsburg and Gulf railroad is quoted as saying that papers have already been prepared to secure a temporary restraining order against the 11 western railroads whose officials have announced that on Tuesday next, they will sever freight relations with the Gulf.

It is understood that the first move will be made in the Federal court, inasmuch as the Pittsburg and Gulf property is now in the hands of receivers appointed by the United States court. If freight divisions are cancelled as threatened, the offending roads will, it is said, be enjoined and if they do not heed the orders of the Federal court their officers will be arrested for contempt.

This is the legal plan of battle as now outlined. It may be supplemented by one of the biggest rate wars in the history of western railroading.

### Boston Reaches San Francisco.

San Francisco, Aug. 26.—The United States cruiser Boston has arrived from Manila from which place she started on June 8. She was drydocked at Hong Kong, then went to Nagasaki and Yokohama, leaving the latter place July 29, for Honolulu where she arrived on Aug. 9, making the record trip for a man-of-war between Yokohama and Honolulu. The Boston sailed from Honolulu July 17, having smooth passage during entire voyage from Manila.

### Acquitted of Murder.

Antlers, I. T., Aug. 26.—William Walker, a Choctaw Indian, the last man tried for murder under the Choctaw law, was acquitted at Court Grounds, at the folks of the Boggy, 30 miles from Antlers. The crime for which he was tried was the murder of Mrs. Susan Hart, his aunt, three years ago.

### Appointed a Lieutenant.

El Paso, Tex., Aug. 26.—George Curry, sheriff of Otero county, N. M., who was a captain in Roosevelt's rough riders, has been appointed a lieutenant in the Eleventh cavalry, now being formed in the Philippines. He has tendered his resignation as sheriff.

### Bryan Speaks for Shackelford.

Tipton, Mo., Aug. 26.—William J. Bryan spoke to an audience of over 5000 persons here in behalf of Shackelford, the Democratic candidate for election to succeed the late Richard P. Bland in congress.

## CLOUDCROFT.

Cloudcroft is in the newly organized county of Otero, N. M., one hundred miles north of El Paso, Texas, on the summit of the Sacramento mountains. It is at the terminus of the Alamogordo & Sacramento railroad. Having an altitude of 9000 feet above sea-level, it commands a magnificent view of the surrounding country. On the north, White mountain is covered with snow the greater part of the year, rearing his hoary head 13,000 feet high; on the west the white sands of the Tularosa valley, which constitute the most wonderful formation in New Mexico and presenting an appearance not unlike white billows rolling in from the sea; and on the south and east boundless forests of spruce and pine swaying on the hills and in the valley below, all taken together form a scenery unsurpassed for its magnificence.

The climate of the Sacramento is simply superb. It is not excelled by that of any other region. The atmosphere is cool and invigorating and absolutely free from impurities.

As evidence of the excellence of the climate of this region of New Mexico, it is only necessary to state that the United States government, after careful investigation of all the country in its vast domain best adapted for a marine sanitarium, selected Fort Stanton.
